

It's time to put your money to work for you

All you have to do today is enroll in your company 401(k) plan.

Then see your money grow with **matching employer contributions** and tax benefits.

About the employer match

Your employer match is 100% of your 401(k) contributions up to 3% of your salary, plus 50% on the next 2% of your salary.

To get the full match, make sure to contribute at least **5%** each and every pay period.

It's simple to enroll in the 401(k)

- Log in to Insperity Premier™ at portal.insperity.com.
- Select 401(k) and then click the *Enroll Now* button.
- *SmartPlan*™ helps you determine how much to save and walks you through the enrollment process.

Once you start contributing, the employer match will be deposited into your account with each paycheck.

If you have questions or want help enrolling, the Insperity 401(k) Contact Center is available at **888.401.5273**, Monday – Friday, 7 a.m. to 7 p.m. Central Standard Time
